

Why Hire Photo Finish From Justiming?

Looking to hire photo finish? Or is the question, 'photo finish, is it really worth it?' still burning bright in your mind. Here we shall explain to you what benefits photo finish can add to your meeting and why Justiming should always be your number one choice.

With your Justiming hire package, you only get the best options that TimeTronics have; MacFinish Pro Software, motorized lens, full professional starting circuit and double beam photo poles are just a few. And with two different hire packages, selecting what you need for your event could not be easier. However we do offer customised packages to suit the needs and budget of any event, combined with results online the same day and even a Live Online Results Service possible, your athletes will always be in the know.

But how much does it cost?

Well, we offer a very competitive price for each of the hire packages we supply, details of which can be found on the Photo Finish Hire pages. Remember our prices include VAT and all travel cost, so no nasty surprises when you receive our invoice!

Unsure if photo finish is even for you?

Photo finish opens the door to a huge range of opportunities and a professional look that will really make your meeting stand out from the rest. As well as faster, more accurate results, photo finish can give you piece of mind that your results are the right ones, you'll be confident that the result of that tight finish for silver and bronze is the right one. All athletes show unmeasurable determination, reward them with a time accurate to 0.01 of a second. No more 11.0 or 2:00.0, give your athletes the 10.99 or 1:59.99 they deserve. And we do not stop there.

Photo finish gives you the ability to charge more for your event therefore increasing your clubs revenue, add this to the fact that you can charge sponsors for space on the results sheets and scoreboards or sell finish line images, photo finish could pay for itself and then some!

Convinced photo finish is for you?

Why Justiming?

Justiming is a company built and run by athletes, we know what you want and what the athletes themselves want. With a team of young, fresh operators, you'll be confident that results will be processed as soon as possible with minimum of fuss. Pre and post event support means we truly do offer packages that look after you for more than just the day that we are at your event. And finally, in today's World of green consciousness, you'll be please to know that the batteries used to power our system are recharged via solar energy, another little thing to smile about.

In short Justiming can offer what you and everyone else has been craving for; a comprehensive photo finish system that works!
